

QuickCam® for Notebooks Pro

Digital Zoom • Mac • Microphone • PC • Pro Editing Software • USB

Transform your notebook computer into a mobile video studio. With digital zoom, an integrated universal notebook mount, and powerful software, this QuickCam® is engineered with everything you want, nothing you don't... and it's small enough to travel with you.

Bring instant messages to life, create and edit videos, capture high-quality photos, and more... no matter where you are. The QuickCam® for Notebooks Pro features an integrated notebook mount that attaches to any notebook computer and folds up for compact storage and lens protection. With its studio-quality image editing software, you can create high-impact movies on the plane or at the beach. Life isn't stationary and neither are you—travel light with QuickCam® for Notebooks Pro.

- Zoom in or out, even pan and tilt to get the right shot.
- Use the carrying case for easy camera storage without cable clutter.
- Enjoy 640x480 video resolution with the advanced VGA CCD sensor and high-quality 1.3 megapixel photo resolution.
- Create movies like a pro with studio-quality MGI editing software.
- Add live video to Yahoo! Messenger with integrated software.
- Use Logitech's free IM Video Companion™ to add live video to MSN® Messenger and AOL Instant MessengerSM.
